

Windchill PLM Quick Start Program

The Only PLM You Will Ever Need

Every company that manufactures products can benefit from Product Lifecycle Management (PLM), regardless of their size. Design Group has created a Windchill PLM Quick Start Program for first time PLM users, startups or those companies looking to replace their current solution or upgrade from a PDM solution.

With PTC Windchill PLM, an industry leader in Product Lifecycle Management solutions and Design Group's Quick Start Program, you will never need to replace your PLM system. Simply start with the basic out-of-the-box modules and add advanced features as your company grows or additional capabilities are necessary. This package provides a scalable software solution at an affordable price and complete installation in less than 2 months.

Windchill PLM Quick Start Program

Complete Package, Affordable Pricing

Design Group, a PTC Windchill Partner, wants to help your company obtain a PLM that will grow with you. PTC Windchill PLM is one of the top-rated PLM solutions on the market today and offers out of the box functionality. Start with Windchill PLM and add on other features or users as your company grows.

With our Windchill PLM Quick Start Program you will receive:

- Installation and configuration – setting up PLM per your business requirements
- Setup 5 CAD and 10 non-CAD users – flexibility around number of users
- One (1) promotion workflow – custom workflow to address your business processes
- CAD Publisher – lightweight visual representation of CAD models
- Data Migration (5,000 CAD data and 10,000 non-CAD data migration) – centralized, cleaned up data for better collaboration with teams within the team and outside with vendors & partners
- Semi-annual virtual meeting (exclusive to Quick Start customers) – best practices, learning sessions, address pain points

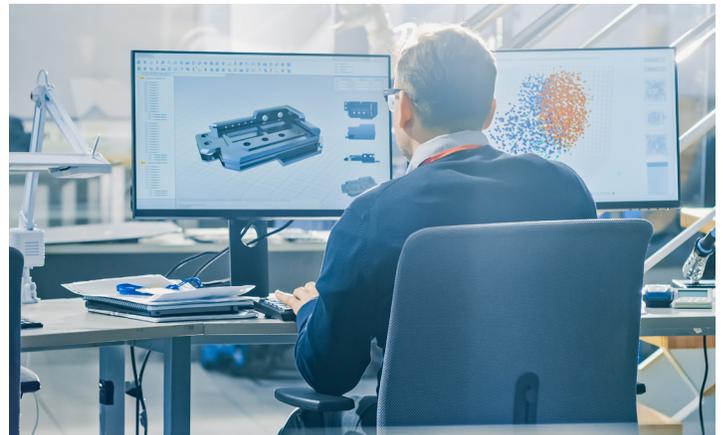

For a fixed fee and delivered in about 2 months, Design Group can have you up and running with one of the top-rated PLM solutions on the market – PTC's Windchill PLM.

Windchill Managed Services provide total administration of your PLM

Additional Services including training and Windchill Managed Services are optional and at an additional fee. We provide Windchill Consulting, Server Monitoring and Maintenance and Optional Services. Our Managed Services plans include:

- User Experience Support
- Application Optimization Support
- Continuous Improvement Projects

Design Group can install, implement, and manage your entire PLM solution. Visit our [website](#) or send us an [email](#) to learn more and to get your project started.
