

## Start Your Career...Own Your Future

**"Design Group cares about your success and personal growth in ways I never expected. They encouraged me to pursue the areas that I am passionate about, and provided incredible opportunities."**

### Own Your Future

Our professionals work on multi-discipline projects with the world's leading companies, giving you the opportunity to apply what you learned in the classroom to real-world challenges.

By leveraging your project experience and learning from the top engineers in multiple industries and disciplines, you have the potential to grow your career through our many entrepreneurial career paths and advancement opportunities.

### Unique Culture of Support

We practice Truly Human Leadership, meaning we believe that everyone matters and has the opportunity to succeed and grow. Our supportive, authentic culture inspires excellent work and personal satisfaction.

We invest in every professional, giving you the mentorship and training you need to be successful through our internal university. Our professionals are formally recognized for unique talents and assets that contribute to exceptional performance and meaningful work.

### A Bright Future

Our strong history of employment stability is backed with a robust national expansion plan and a clientele comprised of the world's leading consumer products, pharmaceutical, technology, and industrial companies.

*Design Group operates from 45+ offices in the US and India providing engineering, consulting, and technical services to the world's leading companies in the Food & Beverage, Life Sciences, Advanced Technology, Industrial, and other market sectors. Our nearly 1500 technical and engineering experts have direct industry experience in industrial automation, control system integration, facility and process engineering, architecture, construction management, regulatory compliance, enterprise technology, and other consulting services.*
